

# FILEBOX CONTAINERS

The *FileBox* makes transporting files, moving files, file conversions and backshifting easier and faster. FileBoxes, when used in pedestal drawers at the Workstation can eliminate the cost and space taken up by Pendaflex. Integrate with any equipment solution.

## File Box Container Specifications

Letter Size Item No. 3651-L  
Legal Size Item No. 3652-L

Our 5" wide *FileBox* containers are a functional alternative to file dividers on any shelf or within any cabinet. Use in overhead compartments, on desktops or within pedestal drawers.
